

Performing Arts

At St Vincent's we truly value the performing arts. Through providing pupils with a variety of opportunities we aim to develop performing, presentation and production skills. By providing pupils with a wide range of experiences within the performing arts of music, drama and dance we give real opportunities for their personal development of our important and transferrable school values (*Challenge yourself, Be Resilient, Be an Explorer, Be Responsible, Be Respectful, Be Kind...*) and promote **HAPPINESS!**

Performing Arts allows pupils to develop these values and share with others: what they know, their talents, their expression of themselves and their creative thinking.

Performing arts opportunities at St Vincent's:
